

Family Astrocartography

RELOCATION ASTROLOGY

The same planets, a different rising sign in every place on Earth, for each of you.

Family Astrocartography shows where the whole family's skies agree.

Where Marina, Rafael, Sofia and Theo grow together

Marina Exemplo, Rafael Exemplo, Sofia Exemplo, Theo Exemplo

Prepared on 12 October 2026

How to read this comparison

This Family Astrocartography compares how each region may shape your home life, work, learning and family rhythms. The strongest family score is in Papua to Central Australia, while Inland Northwest and Alberta is the recommended choice among the large regions. The gains are not equal for everyone, and some areas are sensitive to birth-time changes. Sub-periods are shorter timing cycles within a main period.

Each of you has your own Astrocartography, which comes with this document. The Earth is the same for everyone, but the rising-sign bands differ, because each of you was born at a different moment.

To compare, we look at every point on Earth and see what rank it holds in each person's Astrocartography, from 1 to 12. To that rank we add the phase of life: for children, learning and growing up (home and first school, intelligence and play, teachers, emotional security); for adults, home, the couple and the family.

The family score, from 0 to 100, shows how well everyone's skies agree in a place, without letting a place that is great for some and hard for one win.

Languages, schools, economies and visas are not part of the calculation: only the astrology speaks here.

Borders are not sharp. Four minutes of error in one birth time move that person's lines by about 100 km. Where someone's border runs close, the map pales and the firm score, the one that survives that error, falls below the score.

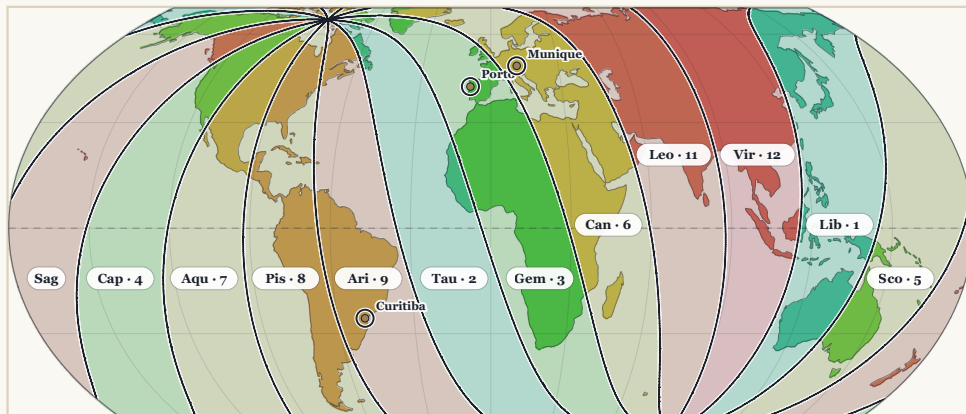

EVERYONE'S PERIODS

	MAIN PERIOD	CURRENT SUB-PERIOD	NEXT SUB-PERIOD
● Marina 39 years old	Rahu Dec 2023 to Dec 2041	Jupiter Aug 2026 to Jan 2029	Saturn Jan 2029 to Nov 2031
● Rafael 41 years old	Saturn Apr 2008 to Apr 2027	Jupiter Oct 2024 to Apr 2027	.
● Sofia 10 years old	Mercury Apr 2013 to Apr 2030	Jupiter Apr 2025 to Jul 2027	Saturn Jul 2027 to Apr 2030
● Theo 5 years old	Ketu Feb 2023 to Feb 2030	Rahu Jan 2026 to Jan 2027	Jupiter Jan 2027 to Dec 2027

Everyone's sky, side by side

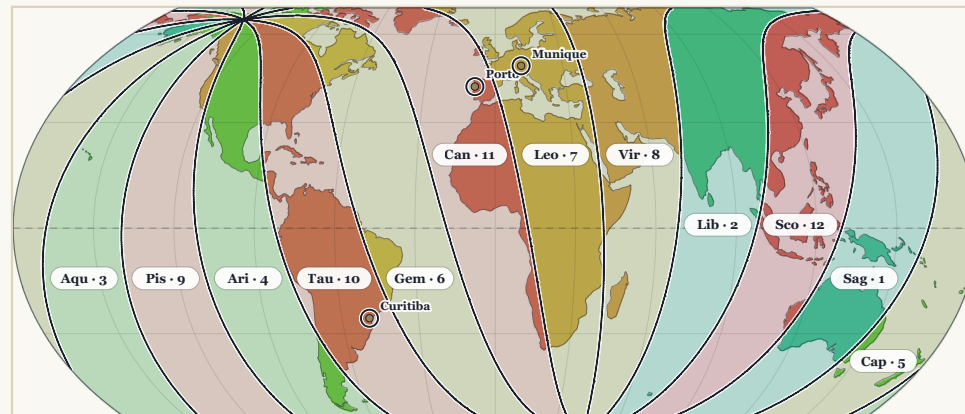

Each map is one person's Astrocartography. Colour and number give each band's rank for that person: 1 is the best, 12 the hardest. Compare the same region across the maps.

• Marina Exemplo

The family map

Each coloured band is a place where everyone's rising sign stays the same; the colour is the family score there. The numbers mark the regions discussed next.

	REGION	SCORE	FIRM	PLACES
1	Papua to Central Australia Timika, Jayapura, Nabire	76	74	19
2	Interior Alaska Fairbanks, Badger	72	70	2
3	South Australia and Victoria Adelaide, Mildura, Horsham	71	69	36
4	Inland Northwest and Alberta Kennewick, Richland, Spokane	69	=	78
5	Sydney and Coastal New South Wales Sydney, Taree, Liverpool	67	62	77
6	Northern Scandinavia Harstad, Kiruna	63	=	2

The regions

1 Papua to Central Australia 76 · Firm 74

This is the family's strongest region. Marina's Libra rising, rank 1, places Venus in the home house and Saturn in the family-and-resources house. Rafael's Sagittarius rising, also rank 1, brings Jupiter and Mars to the house of presence and self-direction. Sofia gains a particularly strong learning arrangement, with Mercury and Jupiter in the learning house and a secure home emphasis. Theo is the outlier: Scorpio is rank 10, though his chart's learning sign is the strongest of his twelve. His placements support learning and play, but may make adjustment more intense. The region is firm across much of its area. Dobo and Biak are fragile, with firm scores below their scores.

2 Interior Alaska 72 · Firm 70

This is a very small region, with only Fairbanks and Badger listed. Rafael's Sagittarius rising is rank 1, and Jupiter in the house of presence supports confidence and a sense of home. Sofia's Virgo rising is rank 1, with exalted Mercury, meaning Mercury is placed in a sign where it is considered especially strong, in the house of presence and strong learning emphasis. Marina's Scorpio rising is rank 5: Jupiter and Rahu in the learning house can enliven creativity, while Saturn in the first house asks for care with personal ease. Theo's Aquarius rising is rank 9. Venus and learning planets emphasize home, but Saturn in the house of sleep and retreat makes routine and rest worth protecting. Fairbanks and Badger have equal scores and firm scores. The region is small, and its firm conditions cover much of the area.

3 South Australia and Victoria 71 · Firm 69

Rafael gains strongly here: Sagittarius rising is rank 1, with Jupiter in the house of presence and home, while Saturn supports gains and wider networks. Marina's Scorpio rising is rank 5; career and action are emphasized, while daily routine needs attention. Sofia's Taurus rising is rank 3 and offers the strongest learning sign in her chart, with Mercury in the learning house and a home-focused emphasis. Theo's Scorpio rising is rank 10, but his learning sign is also his strongest; the home and learning houses are supportive, while Mars in the house of deep change can bring intensity. The region is firm almost everywhere. Ballarat, Gladstone, Griffith, Echuca and Bendigo are fragile; Adelaide, Mildura and Warrnambool are firm.

4 Inland Northwest and Alberta 69

This is the best large region for the family. Marina's Capricorn rising is rank 4, with Mars in the home house and Venus supporting her presence. Her Moon in the house of deep change can make the couple's emotional adjustment important. Rafael's Aries rising is rank 4; Mars and Jupiter in the house of teachers, studies and long journeys give him a strong sense of direction, though Saturn in the partnership house asks for patience. Sofia's Virgo rising is rank 1, with Mercury and Jupiter supporting her presence and learning. Theo's Capricorn rising is rank 3, with Mercury and Venus in the learning-and-play house. The region is firm across much of its area. Many listed towns are firm, while Arlington and Kalispell are fragile.

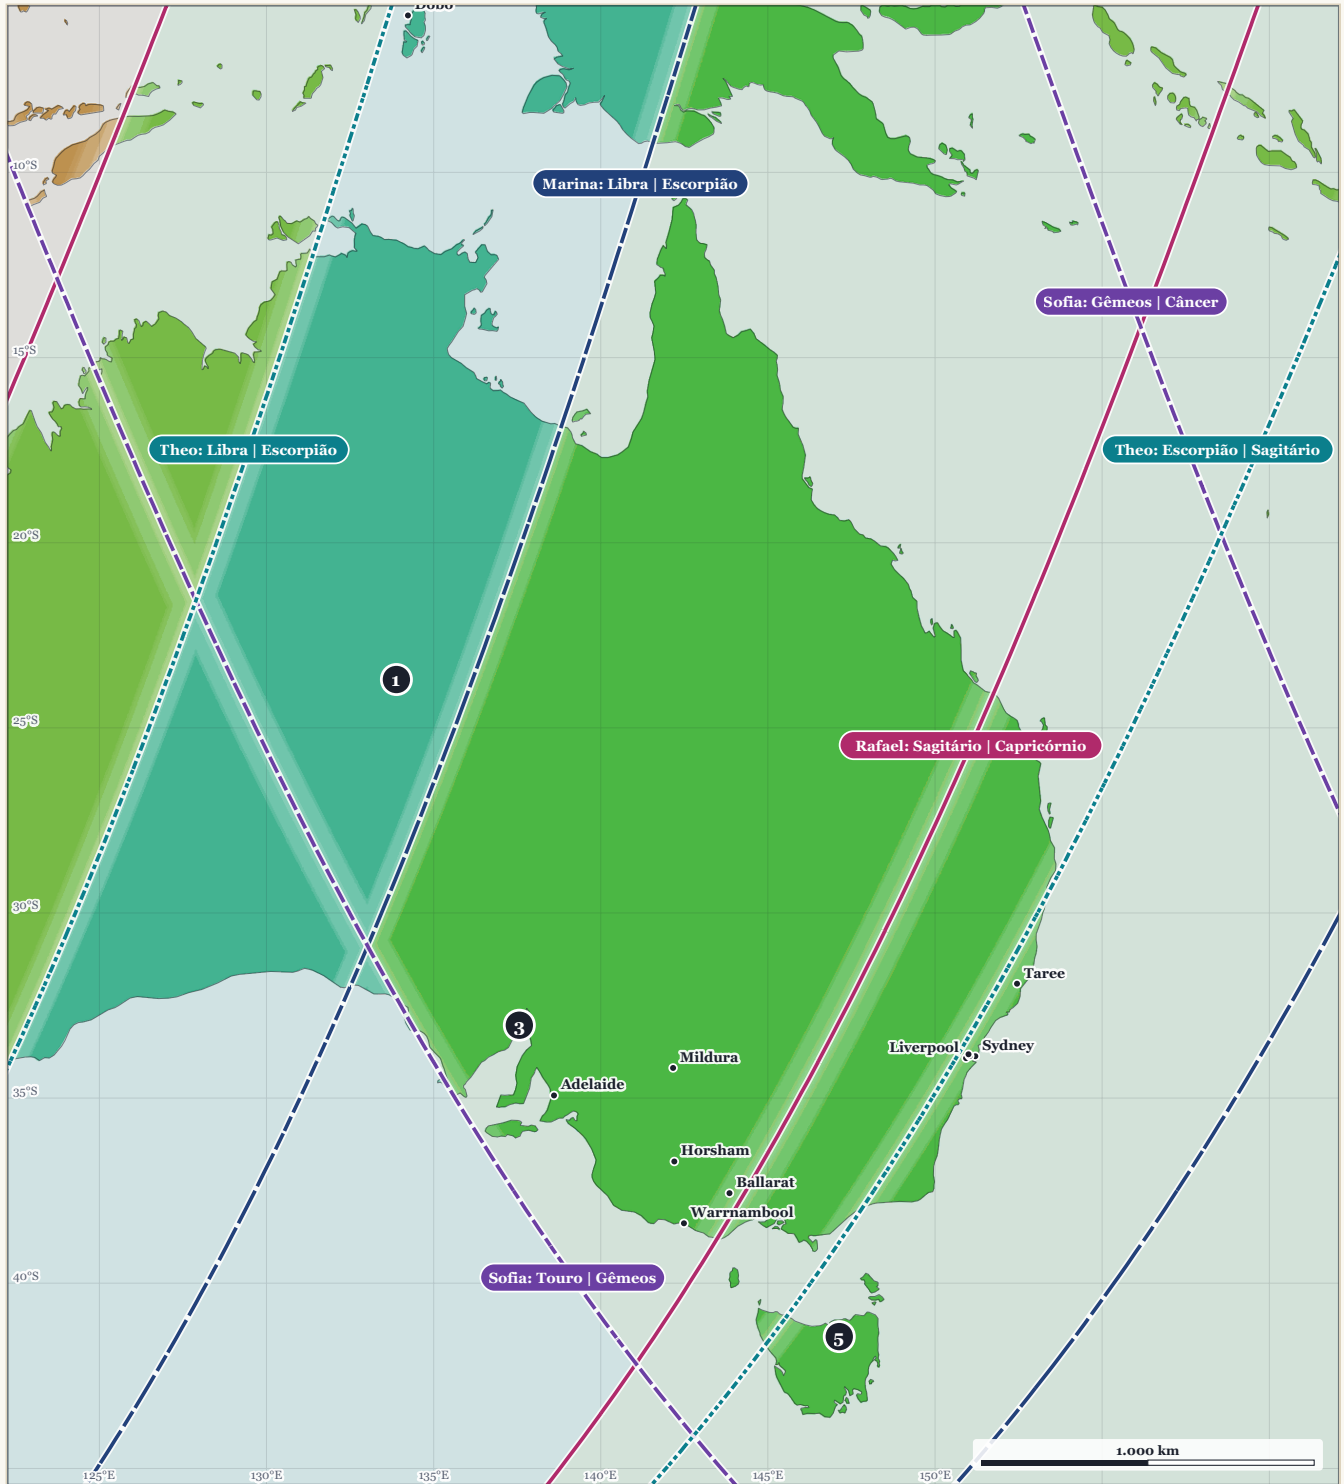

5 Sydney and Coastal New South Wales 67 · Firm 62

Marina gains through creative learning and public activity: her Scorpio rising is rank 5, with Jupiter and Rahu in the learning house and the Moon in the career house. Rafael's Capricorn rising is rank 5 and supports public work and group gains, but Mars and Jupiter in the retreat house can pull energy away from home life. Sofia's Gemini rising is rank 2, with Mercury and Jupiter in the home house, supporting a settled base for learning. Theo's Sagittarius rising is rank 1, with Jupiter in the communication house and Moon in the home house; predictable routines and rest still matter. This region is notably fragile: firm conditions cover only part of its area, and every listed town has a lower firm score than score.

6 Northern Scandinavia 63

This is a small region, with Harstad and Kiruna listed. Marina's Cancer rising is rank 6; the Moon in the family-and-resources house supports a sense of belonging, while Mars in the career house gives work a strong pull. Rafael's Leo rising is rank 7, with Mars and Jupiter in the house of play and creativity, a helpful emphasis for family life. Sofia's Taurus rising is rank 3 and gives her the strongest learning sign in her chart. Theo's Leo rising is rank 5; his learning placements emphasize partnerships, wider groups and public activity, so steady support with learning routines may help. Both listed towns have equal scores and firm scores. The region is small, and its firm conditions cover much of the area.

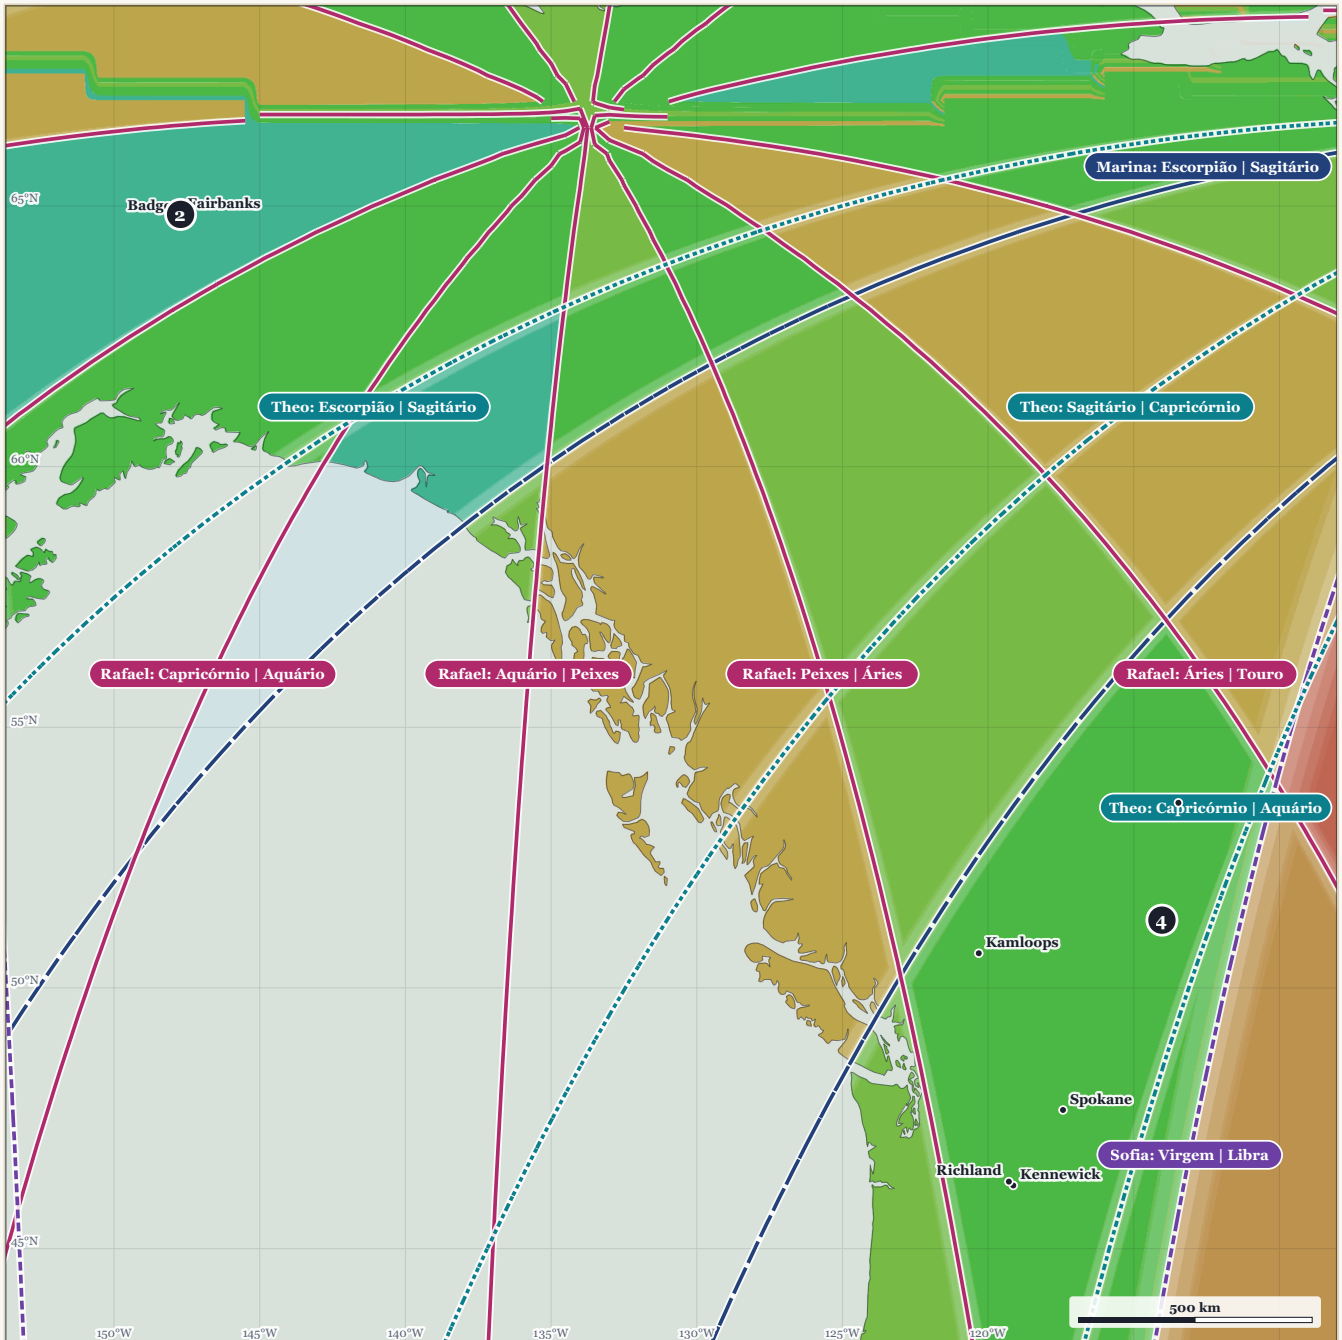

Close up

Colours are the family score; dashed lines are each person's sign borders, in that person's colour.

On the Australia and Papua map, crossing east shifts Marina from Libra, rank 1, to Scorpio, rank 5, and Rafael from Sagittarius, rank 1, to Capricorn, rank 5. Those eastern shifts are less supportive for both adults. Sofia moves from Taurus, rank 3, to Gemini, rank 2, a small gain. Theo's change is the sharpest: east of his line, Sagittarius is rank 1 instead of Scorpio, rank 10. So the eastern side helps Theo and slightly helps Sofia, while the western side better supports Marina and Rafael. The family's preferred side depends on whose needs you prioritize.

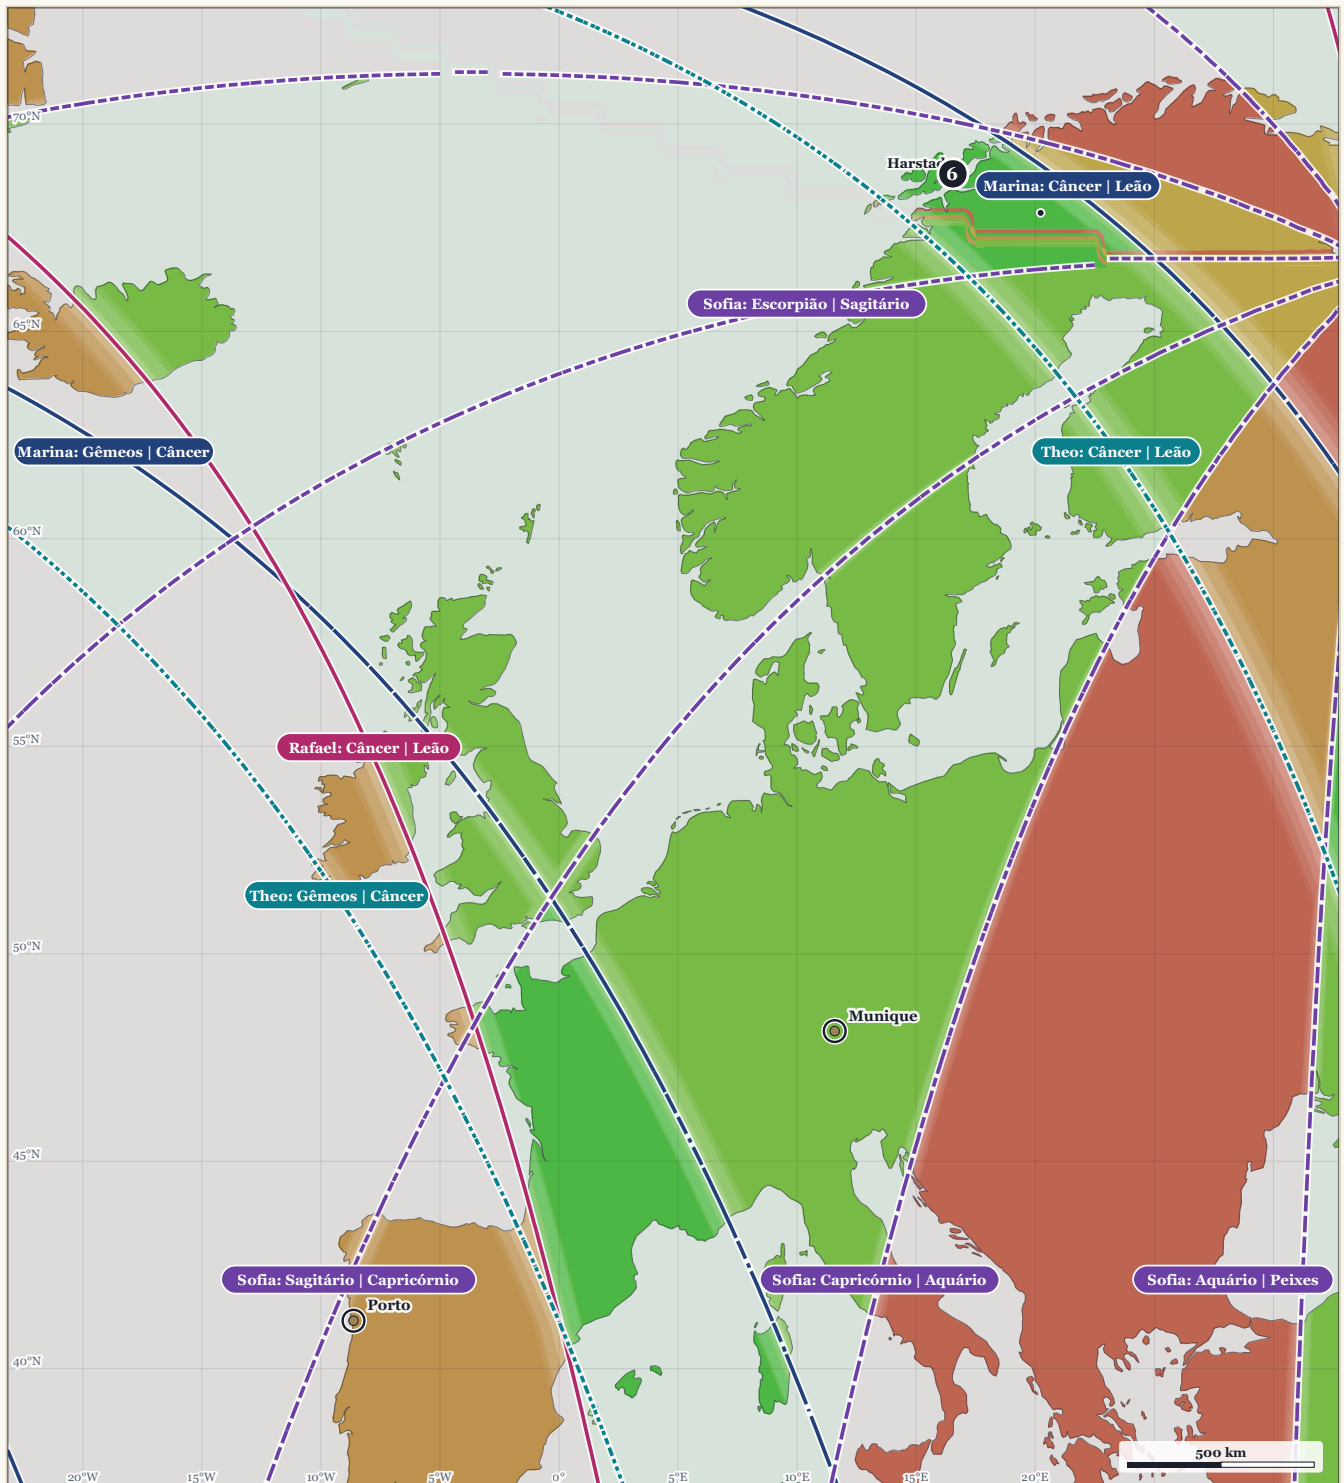

Close up

Colours are the family score; dashed lines are each person's sign borders, in that person's colour.

On the North America map, the sign boundaries create different trade-offs across the region. Marina's Scorpio to Sagittarius shift lowers her rank from 5 to 10, while her later move from Sagittarius to Capricorn improves it to 4. Rafael moves from Pisces, rank 9, to Aries, rank 4, then to Taurus, rank 10; his Capricorn-to-Aquarius shift improves rank 5 to 3. Sofia's move from Virgo, rank 1, to Libra, rank 8, is a clear loss. Theo gains from Scorpio, rank 10, to Sagittarius, rank 1, then gradually shifts to Capricorn, rank 3 and Aquarius, rank 9. The line crossings can favor Theo and Rafael while reducing Sofia's advantage.

Close up

Colours are the family score; dashed lines are each person's sign borders, in that person's colour.

On the Europe map, Porto has Marina in Gemini, Rafael in Cancer, Sofia in Capricorn and Theo in Gemini. Munich has Marina in Cancer, Rafael in Leo, Sofia in Capricorn and Theo in Cancer. The north-south lines shift Marina from Gemini, rank 3, to Cancer, rank 6, and Rafael from Cancer, rank 11, to Leo, rank 7. Theo moves from Gemini, rank 4, to Cancer, rank 2, a gain. Sofia's boundary shifts her from Sagittarius, rank 7, to Capricorn, rank 5, then to Aquarius, rank 11. These crossings help Theo and Sofia on one side, while Marina and Rafael have different trade-offs.

The places in numbers

Each person's rising sign and its rank for that person, the family score and the firm score ("=" when it is the same).

PLACE	• MARINA	• RAFAEL	• SOFIA	• THEO	SCORE	FIRM

The family's likely home: Inland Northwest and Alberta

Inland Northwest and Alberta is the family's likely home because it is the best-scoring large region and offers meaningful support to all four of you. Sofia's learning chart is especially strong, and Theo's learning and play houses are well placed. Marina and Rafael also gain, though the partnership and emotional adjustment deserve care. The region has a broad firm core, but it is not equally firm everywhere.

Marina CAPRICORN RISING, RANK 4: HOME STRENGTH WITH EMOTIONAL DEPTH

Marina, Mars in the home house can help you take an active role in building family life. Venus, your yogakaraka, a planet that supports both purpose and achievement in this chart, is in the house of presence, while the Sun and Mercury emphasize family resources and communication. The Moon in the house of deep change asks for tenderness around shared emotional shifts. Your Rahu main period is active with Jupiter as sub-period from August 2026 to January 2029. Jupiter is in the house of initiative and communication. Saturn follows from January 2029 to November 2031, in the house of friends, gains and wider networks.

Rafael ARIES RISING, RANK 4: DIRECTION THROUGH STUDY AND LONG JOURNEYS

Rafael, Mars and Jupiter in the house of teachers, study and long journeys can give your work and family decisions a broader sense of direction. Saturn in the partnership house may make commitment feel weighty, so make room for patient conversation. Your current Saturn main period and Jupiter sub-period run through April 2027. In this place, Jupiter is in the house of study and long journeys, supporting reflection and a wider outlook. These placements offer potential, not a promise of particular events.

Sofia VIRGO RISING, RANK 1: A STRONG SETTING FOR LEARNING

Sofia has exalted Mercury in the house of presence, alongside Jupiter. That supports curiosity, clear expression and learning. Her home ruler Jupiter is also here, so family support can be central to how she settles. Mercury's main period continues through April 2030. Its current Jupiter sub-period lasts until July 2027, with Jupiter emphasizing home and partnership. Saturn's sub-period follows from July 2027 to April 2030, in the house of initiative and communication. Encouraging questions, conversation and steady contact with teachers can help her make the most of this setting.

Theo CAPRICORN RISING, RANK 3: LEARNING, CREATIVITY AND STEADY STRUCTURE

Theo has Saturn in the house of presence and Venus in the learning-and-play house. Mercury, Venus and Rahu there can support curiosity and creative engagement, while Jupiter in the family-and-resources house gives a useful base. His current Ketu main period and Rahu sub-period run through January 2027, with Rahu in the learning-and-play house. Jupiter's sub-period follows from January to December 2027, in the family-and-resources house. A dependable daily rhythm can help him feel secure as he explores and learns.

FOR THE CHILDREN: LEARNING AND GROWING UP

Sofia has a particularly strong learning sign here, with Mercury and Jupiter supporting her presence and learning. Theo's learning-and-play house is also emphasized, and his chart offers a supportive base for curiosity and creative activity. For the calendar, Sofia's Jupiter sub-period lasts until July 2027, then Saturn runs from July 2027 to April 2030. Theo's Rahu sub-period lasts until January 2027, followed by Jupiter from January to December 2027. Consistent routines, emotional security, play and warm links with teachers can support both children through these transitions.

Where you are today

Curitiba is the lowest-scoring family place listed, at 32, though its firm score is also 32. Marina's Aries rising is rank 9 and places her current Rahu emphasis in the house of retreat; Rafael's Taurus rising is rank 10, with Saturn in the house of routine and obstacles. Sofia is rank 7, with Mercury and Jupiter emphasizing public life, while Theo is rank 8 and has the Moon in the house of sleep and retreat, so emotional security and routine may need care. Porto scores 40, firm 39, so it sits near a border and depends on a few minutes of birth time. Marina benefits there, rank 3, but Rafael is rank 11; Sofia is rank 5, while Theo's rank 4 comes with his weakest learning sign. Munich scores 55, firm 55. It is firmer: Marina is rank 6, Rafael 7, Sofia 5 and Theo 2. Theo's learning sign there is also his weakest, so his rank does not remove the need for thoughtful learning support.

What stays

THE STRONGEST PLACE

Papua to Central Australia has the family's strongest score. It particularly supports Marina, Rafael and Sofia, while Theo's overall sign rank is lower despite strong learning placements.

THE LARGE, STABLE PLACE

Inland Northwest and Alberta is the recommended large region. Many listed towns are firm, but the wider region is not uniformly stable; Arlington and Kalispell are fragile.

TO WEIGH

Weigh Sydney and Coastal New South Wales carefully for birth-time sensitivity. Its firm area is limited, and all listed towns have lower firm scores.

No place decides a life on its own. The strongest region is not necessarily the easiest shared home, and the recommended region is not firm at every point. Compare each family member's needs, with special attention to Theo's learning support in places where his learning sign is weak, and to the emotional demands shown for Marina and Rafael. The chart offers themes and timing, not guarantees.

Method

Calculated with Swiss Ephemeris, sidereal zodiac, Lahiri ayanamsa, true node and whole-sign houses: the same calculations as the individual Astrocartographies. Each one samples one person's Ascendant every half degree between 73°N and 58°S, at that person's birth instant.

The family score is a Logicosmo instrument, not a classical technique: it joins each place's rank in each person's Astrocartography with that person's phase of life and gives extra weight to whoever is worst off. The firm score repeats the calculation with each person's lines moved 1° east and west.

Classical Jyotiṣa does not use relocated charts. This reading is a modern extension of the classical method; it describes tendencies, it does not predict events.
